Silk Eyelash Extensions

Graft-a-Lash extensions are silk fibres attached to your natural lash resulting in longer, thicker lashes that look natural but very luscious and glamorous.

Applied properly lashes will last the life of your natural lash 6 to 8 weeks, then you should have them checked every 3 weeks. The reason for this is your eyelash growth cycles vary, and your lashes are constantly being shed and replaced. Your technician needs to see you regularly in the first 4 weeks after grafting to become familiar with your lash growth cycle, as no two people are the same.

You may continue with your normal life style, bathing, swimming, using a spa or living in a humid climate will not affect the lashes.

Retinol & Caviar Lip & Eye Treatment

Details of beauty is the innovative line of specific products that, thanks to the use of revolutionary technologies, reduces skin imperfections and refines skin down to the smallest details.

Plant Stem Cells. Avant-garde technology at the service of the skin. As the years go by, epidermal cells "fall asleep" and they lose their ability to reproduce. Epidermal stem cells are reawakened by plant stem cells, triggering a domino effect that speeds up cellular renewal.

HAPPY NEW YEAR!!! I hope you all had a great Christmas & New Year. It has been a busy & hard couple of years, but we got through it unscathed and more positive than ever. Like the business my son also turned 2, that itself is hard enough (LOL!), but I do love being a mum, it is the most rewarding job a women can ever have.

By now most people know me as "The Eyebrow Whisperer" and it is great to see so many locals walking around showing off my work. I have completed quite a few courses in 2013 and will continue my study & teaching throughout 2014, including the opportunity to study with a Chinese Buddhist... I am so excited, what an honour! There are many exciting changes happening to our spa including new staff, services incl VPL, beauty training for students & a bigger range of natural, organic local products & giftware, so stay tuned.

Like any new business, the first 2 years are the hardest, and it takes a lot of faith and hard work to help it survive. I would personally like to thank all those loyal clients that have stuck it out with me. I am extremely touched by your positivity, support and love you have shown throughout these times. LOVE, PEACE & LIGHT XX TANIA
